## IMPROVEMENTS WANTED.

City Dads Bump up Against Many Petitions for Improvements in the City. Economy is the Watchword.

The regular meeting of the city council was held at the city hall on Tuesday evening with Mayor Nash presiding and a quorum of aldermen present. The mayor read a report of the financial condition of the city, showing that there was a deficiency of about \$14,000 in the treasury. He did this to impress on the aldermen the necessity of being careful in the conduct of business and to show them that it was not possible to make any large appropriations for improvements at the present time.

Several petitions were presented to the council asking for the placing of are light and the extension of sewers. The question of extending the sewers was referred to the sewer committee. This immediately started a discussion between the chairman of this committee and the members of the council. The sewer committee had heard the advice about being careful in the expenditure of funds, and they wanted to know what they were expected to do in the matter. One of the sewer extensions that was asked for was on Branch street, and Alderman Phillips addressed the council and explained the condition of affairs in that part of the city, and there is no question but what a sewer is needed badly. Another extension was that on Baker street, and Alderman Billings was championing the cause of the people up there. He explained that the whole country was a lake up in that region during wet weather, and that a sewer was an absolute necessity. Another extension asked for was on front street north of the Green Bay track, and there were residents present from that part of the city who were ready to do anything that a sewer was an absolute necessity there. The condition of affairs naturally puts the council in pretty much of a predicament, and it goes to show that when once a municipality begins to grow it is absolutely necessary to make improvements and to continue to make them. The matters were eventually referred to the sewer committee with instructions to look over the premises and report at the next meeting.

The waterworks committee did not make any report on the matter of placing a four inch pipe across the bridge for the purpose of providing against leaks in the main across the river. The excuse for not doing so was that they expected to have the main across the river either repaired or examined before this time but had been prevented in doing so on account of continuous high water in the river. Peter McCamley, superintendent of poor, made his report. In this it was shown that after the proper amounts had been collected from surrounding towns and counties, the cost to the city of maintaining the poor for the past year had been only about \$41.

M. W. Mosher made his report for the past two years and same was accepted by the city council. The Grand Rapids Lumber company presented a petition asking for an extension of the water main to their mill, setting forth that they had no protection in case of fire. The matter was referred to the water works committee. A petition coming from the congregation of the Methodist church and signed by W. A. Peterson, C. A. McElroy and A. Lincoln Putnam, asking that the council compel Sunday ball playing to be stopped. The petition was referred to the committee on general business. A resolution was introduced which gave the Grand Rapids Driving Club the right to use the race track on the fair ground with the privilege of fencing the same and to put it into condition for holding race meets and ball games and other athletic sports. Alderman Gottschalk spoke in connection with this matter and said that it was his opinion that the grounds should be cleared of underbrush and so fixed up that people would not use the outskirts of the place as a dumping ground. The resolution was passed, and it is probable that the grounds will now be fenced and put in good shape for use.

Engineer Pfeiffer made a complete report of the water business in the city during the past year, and tendered his services to the city for the coming year at \$75 per month. His report was accepted and ordered placed on file and Mr. Pfeiffer was engaged for another year. Peter McCamley was engaged for another year as poor commissioner at a salary of \$75 per year. The mayor and city clerk were appointed a committee to pass on applications for saloon license. A merchandise and O. K. committee consisting of Aldermen Jackson, Schumann and Luback was then appointed by the mayor. After the allowance of the usual list of bills the council adjourned.

## Thos. Edison and Radium.

Wired Edison was asked by a New York newspaper to state what in his opinion would be the greatest development of the new year, and he wrote the one word "RADIUM" and signed his name. This word element has created an unparalleled sensation in scientific and reading circles, and it is fortunate that our city is the first in the state favored with an exhibition and demonstration of the remarkable qualities of Radium. A supply of the precious mineral is guaranteed by contract, and an easily understood description of the experiments will be given by a splendid lecturer, Prof. W. B. Patty, who also demonstrates several other entertaining scientific phenomena, giving an evening of entertainment and instruction that will long be remembered by those attending. The date of the exhibition will be June 10th, and

those wishing to see the remarkable demonstration should secure seats as early as possible.

## LOST TO WAUSAU.

Baseball Boys Claim that the Empire Beat Them.

The base ball team went to Wausau on Sunday and played a very close game with the team there, the score standing two to two at the close of the ninth inning and it requiring two more innings to settle the game. The boys of the team and the visitors who were at Wausau claim that had it not been for a rank decision of the umpire, the boys from here would probably have won out. There must certainly have been something the matter, as the following account from the Wausau Record would indicate:

"Those who attended the ball game at Wausau yesterday afternoon were treated to probably the best game that has been played on the Wausau diamond in the last six or seven years. It was a very evenly contested game and at the end of nine innings each team had scored two runs, necessitating the playing of two more innings. At the end of the tenth inning the score was still tied but in Wausau's half of the eleventh A. McCormick made a two base hit. He was advanced to the third sack by Knorr's single and reached home on A. Pregont's single, thus scoring the winning run. It is unfortunate that there was a questionable decision in the last inning which gave McCormick a life at third and allowed him to score the winning run. The general opinion is that Empire Brown who was otherwise very fair, made a mistake and that the eleventh inning should have closed with the score still a tie."

Those who saw the game report that Grand Rapids played an errorless game, and that the two scores that Wausau got in the first inning were made while rain was falling and the ball was wet. Otherwise the boys claim that Wausau would not have scored at all. They also say that the umpire favored the Wausau team all through the game, the consequence being that the locals had to play against odds all the time. The score by innings was as follows:

Wausau 2 0 0 0 0 0 0 0 1 3  
Gr. Rapids 0 0 1 0 0 0 1 0 0 0 2

Next Sunday the locals go to Stevens Point to play the team of that city, when another good game may be looked for.

They will be at home at Dexterville after June 30th. The bride is a sister to Mrs. W. P. ## Arrested for Stealing.

Mr. and Mrs. Henry Hartgraves were arrested last Wednesday evening on a charge of petit larceny, the complaining witness in the case being Ernest Oberbeck. The woman pleaded guilty to the charge and was given five days in the county jail. The man said he was not guilty, and upon his promising to take his family and leave town he was allowed to go. The missing property was taken from Mr. Oberbeck's refrigerator, which was standing on the back porch of the house. When it was missed the Hartgraves family was suspected of the theft and a search warrant was sworn out and the result was that the property was found in their home. The family had been suspected of theft before, but nothing had been done by the parties who lost the property.

## GRADUATING EXERCISES.

Many People See the Young People Orate.

It was a very pretty scene that greeted the eyes of the visitors to the Leland high school last Wednesday evening on the occasion of the class day exercises given by the pupils of the school that evening. The large assembly room is an ideal place for the holding exercises of this sort, and as the seating capacity of the room had been more than doubled by the introduction of chairs, and as every seat was filled, the scene presented was one of exceptional beauty.

The rostrum of the room had been decorated with both potted and cut flowers, while overhead the class motto "Forward" displayed in red, green and white electric lights added very materially to the beauty of the scene.

There were eighteen graduates, nine of them being from the east side and nine from the west side. The class day program opened with a musical selection by the high school orchestra. The address of welcome was given by Clay Larchmont, after which followed the class history by Selma Kruger, which went to show the varied experiences which come to school life, while others were mapped out as very common place.

The characteristics of each member, given by Grace McCarthy, displayed a keen knowledge of her classmates, which the audience fully appreciated.

The class will, written by Paul Chose and signed by the class at large, was both unique and generous, bespeaking being given to the coming Seniors, Juniors, Sophomores and even the Freshmen were remembered. The coming Seniors was given the row of seats on either side of the middle aisle and the privilege of whispering without the consent of the teacher.

The class poem, composed and recited by Mattie Schabel, was very interesting, thought, being written after the style of Hiawatha.

The class gifts were both amusing and according to the statement made by Arthur Cronin, appropriate.

Will Milburn delivered the address to the Juniors, and there is no question but what they will profit greatly by the sage advice given them. The response was made by Miss Anna Daly.

The class prophecy by Ella Young was a very amusing part of the program and was thoroughly enjoyed by all. The closing address was by Clay Larchmont.

Besides the program as given above there was music, both vocal and instrumental, and a very pleasant evening was the result of the efforts of the children.

On Thursday evening the regular graduation exercises were given, and another large crowd assembled in order to be present at this most interesting part of the commencement exercises. The program opened with an invocation by the Rev. B. J. H. Shaw, after which there was music by Lambert's orchestra.

Carl Ologard had the first oration, and he took as his subject "The Russian Jew." He pictured vividly the trials and tribulations of the Jew in the old country and told what good citizens they made when given a chance in the new world.

Ruth Emmons followed with an essay on James Smithson, founder of the Smithsonian Institute. She gave some interesting facts concerning the life of this now well known philanthropist.

A mixed quartet consisting of Laura Reeves, Mattie (Bunge), W. S. Lower and Ardelia Rozell then rendered Italy in a very pleasing manner.

Thomas E. Boyle then spoke of Free Trade in England, telling of the damages that had been done to the industries of the country by the following of this method, and how the country was tending toward the adoption of a protective tariff.

Agnes Kessner had an essay on the life of Nelson Kellor, and she handled her subject very nicely, and seemed to be thoroughly in sympathy with the subject and consequently gave a very interesting talk.

A vocal duet by Laura Reeves and Mattie Bunge was nicely rendered and enthusiastically received by the audience.

and and gave his honors a very interesting discussion along this line. After a selection by Lambert's orchestra, Supi Yarker addressed the graduates, briefly and presented them with their diplomas, which concluded the evening's entertainment.

The graduates are: Lena Dolan, Ruth Emmons, Ruth Haysen, Agnes Kessner, Paul Chose, Selma Kruger, Gertrude August, Clara, Selma Kruger, assembly room is an ideal place for the holding exercises of this sort, and as the seating capacity of the room had been more than doubled by the introduction of chairs, and as every seat was filled, the scene presented was one of exceptional beauty.

## SHIPPED FIRST PAPER.

Machine No. 2 at Consolidated Now in Operation.

The first curling of paper was shipped from the mill of the Consolidated Water Power and Paper Co. on Thursday, the paper going to the Los Angeles Times Market. The curl contained about seventy pounds of paper and was decorated with banners and inscribed with the information: "First Paper Manufactured by the Consolidated Water Power and Paper Co., Grand Rapids, Wisconsin." At ten o'clock Thursday night machine No. 2 in the mill was started up, and has been running almost without interruption ever since. It took just twenty-two minutes to get this machine started, which is certainly a record breaker for a new machine. In fact both machines were started with very little trouble, as the time consumed on both is but fifty-one minutes. Since both machines were started the mill has been turning out between twenty and thirty tons of paper a day. All of the paper used and so far has been in rolls for use on perfecting presses, but the machinery in the finishing room is being rapidly got into place and it will not be long before this part of the mill is also running.

Those who wish to join in the race should see Mr. Krieger for particulars.

## Sued by His Doctor.

"A doctor here has sued me for \$12.50 which I claimed was excessive for a case of cholera morbus," says R. White, of Coacahua, Cal. "At the trial he produced his medical notes and medicines. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had read reason to believe it was, and he could not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Otto's Pharmacy.

Marshfield News: Edward Lynch  
 of Grand Rapids spent last Friday in  
 Marshfield, visiting his numerous  
 friends. He is an enthusiastic sup-  
 porter of the proposition submitted  
 last week by the News-Geo. W. Peck  
 for governor and Dr. H. A. Lathrop  
 for lieutenant governor. Mr. Lynch  
 believes that if these men are named  
 to head the democratic ticket, success  
 at the polls in November is practically  
 assured.

 St. Louis, via Chicago, issued on ac-  
 count of the Louisiana Purchase Ex-

 on Monday.  
 Henry Knutz was brought down  
 on Tuesday on a charge of vagrancy,  
 being given thirty days.  
 —Startling Evidence.  
 Fresh testimony in great quantity is  
 constantly coming in, declaring Dr.  
 King's New Discovery for consumption  
 coughs and colds to be unequalled. A  
 recent expression from T. J. McFar-  
 land, Dexterville, Wis., serves as ex-  
 ample. He writes: "I had bron-  
 chitis for three years and doctored  
 the time without being benefited.  
 Then I began taking Dr. King's New  
 Discovery, and a few bottles wholly  
 cured me." Equally effective in em-  
 phatic all lung and throat troubles, con-  
 sumption, pneumonia and grip. Guar-

 to be a great encouragement to many  
 of our readers." John E. Daly.

**Ever See a House Fly?**  
 Well, you will see some, soon, there'll be about a-u-n-t-y-teen  
 million here in a few days, and every mother's son of them and  
 daughter too, will try to make your house their home this summer.  
 Better fool 'em with WHEELER Self-Fitting Screens-Sash!  
 Any so-called "adjustable" screen which pulls out to fit and sits  
 under the upper sash, is not a screen at all, but only a "fly-sieve,"  
 of the fly to walk up through this opening into the house; the "ad-  
 justable" is really a fly-bait!  
 The WHEELER is absolutely fly-proof; it must be seen to be  
 appreciated. Common sizes in stock; "any old size" made to meas-  
 ure at the factory so quickly it will surprise you.  
 Flies are as sure as Death and Taxes. WHY WAIT?  
 We are Exclusive Agents for the First and Only Screen that  
 ever came to Town.

## OUR COUNTRY CORRESPONDENTS

### GRAND RAPIDS.

On Tuesday, June 2, in spite of a severe storm, a large and interested company gathered at the Bennett hall, the occasion being the first commencement exercises of the upper school of the new elementary town of Grand Rapids.

The program given below was rendered amid accessories, and with spirit and taste that reflected credit on all contributing to the success of the performance.

What of space forbids individual mention but the consensus of opinion was highly complimentary to both the teacher, Miss Lefebvre, and the pupils who have labored under her efficient care.

In fitting terms Miss Lefebvre thanked the audience, composed of representatives from all sections of the district, among whom were Miss Swett of New Home and Misses Nelson and Alice Dwyer of Grand Rapids, for their kind efforts in bringing the inclement of the weather and was heartily cheered at the close of her remarks.

After the regular exhibition the floor was speedily prepared for dancing, the music for which was supplied by home talent. Light refreshments were served during the evening, and the event will long linger pleasantly in the memory of all who were present. Following is the program:

Opening Address: Circuit Boy; How She Cured Him; Mabel Womack; Children's Secret; Slight Misunderstanding; That Old Confederate Gun; The Soldier Boy; Women in the War; Train to Mauro; Gunner and Bird; Song of the All Work Shift; Courtship Under Difficulties; Watch Mother; Wilder Budd; Wrong Bag-Knives.

Chamberlain's Stomach and Liver Tablets Better than a Doctor's Prescription. Mr. J. W. Turner, of Truham, Va., says that Chamberlain's Stomach and Liver Tablets have done for him more than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such good results in cases of stomach trouble, biliousness or constipation, his whole time would be used in preparing this one medicine. Otto's Pharmacy.

### REMINGTON.

C. Lowe has succeeded in setting up his saw mill, and for the past week we have heard the busy hum of the saw. The logs are continually decreasing and the lumber is increasing.

Mrs. Robert Sanger and children of Nekosia are visiting her mother, Mrs. Hass.

J. Carney of Vadum visited the home of U. Lowe. He is somewhat interested in saw mill business and thought he would run over and see how things were going on.

A number of young folks gathered at the home of Miss Hass last Sunday evening and after much enjoyment departed wishing Miss Hass would again entertain them some other time.

The successive rains which we had last week caused a great deal of excitement here for a few days. The Yellow River overflowed its banks and in a good many places where the land was low the crops were under water. The water was between four and five feet above the road.

Mr. and Mrs. Phil Briggs gave a dance at their home last Thursday evening. Quite a number of friends were present and a very enjoyable evening was passed. The crowd adjourned at a late hour.

Miss Huber returned Sunday evening after a few days visit with her parents at Hudson and her many friends in Grand Rapids.

John Cummings who has been working on the railroad the past two months and had his headquarters at Star Lake, visited at the home of his aunt, Mrs. C. Lowe on Monday.

Miss Emma Hass who has been at Nekosia for the past three months has come home to remain with her parents for the summer.

Mrs. Annie Cummings of your city is visiting her sister, Mrs. Helen Lowe, for a few days.

### RUDOLPH.

Saturday forenoon John Fitzgerald, an old and highly respected citizen of the town of Rudolph, passed away after a long illness.

Mr. Fitzgerald was 65 years of age and had been a resident of Rudolph for the last 35 years, part of which time he was engaged in farming. He was born in New York state and had resided in a good deal, having been in every state in the union and in Canada, and was employed by the government at one time. The funeral occurred Monday from the Catholic church and the remains were laid at rest beside his wife in the Forest Hill cemetery at Grand Rapids.

The pallbearers were Ira Sharkey, Peter Cudde, Will Slattery, Joe Duane, Ed Akoy and Geo. Cooper. He is survived by one son, John, of this place.

It has been rumored here that Mike Gokoy was drowned at Chippewa Falls a short time ago. It was an Indian by the name of Mike Gokoy that drowned there while swimming over the dam on a log. His body was not recovered until Monday.

Dr. Jackson will build him a new house soon.

Frank March and sister, Susie, were in Milwaukee last week to see their brother, M. J., who is being treated there for rheumatism.

On Wednesday occurred the marriage of John Weyers and Miss Laura Akoy, both of this town, at the Catholic church, Rev. A. Van Saver officiating; the bridesmaid and best man being Miss Orla Akoy, sister of the bride, and Charlie Karmatz of Grand Rapids.

The entertainment which was given at the Catholic school on Sunday afternoon in honor of the 20th anniversary of the arrival of Rev. A. Van Saver in the town of Rudolph, was well attended. In spite of the bad weather a very large crowd, in fact the largest that has ever assembled to hear what the Catholic pupils can do. Again this year the Catholic school has sent out five graduates and it seems that the sisters are doing better every year toward the children, for which their parents, no doubt, are very thankful.

Frank Smith, who was agent in the depot here for some time, departed Tuesday for Mather, where he will be employed in a depot at that place. Olaf Crogen, our local agent, has taken his place again.

Miss Louise Sharkey left Tuesday for Biron, where she will be employed for some time.

Miss Vivian Lyons was in Grand Rapids on Tuesday on a shopping trip.

Mrs. W. Mond, who has been visiting her parents, Mr. and Mrs. T. Lavigne, returned to her home in Chicago on Tuesday.

William Wallace was called to Grand Rapids last week to repair a gasoline engine. Judging from the many calls he has for that kind of work he must be an expert. He has also made many sales of engines.

The town board met at the town clerk's office last Tuesday. The next meeting will be held on the 27th and 28th of June to equalize.

Mr. and Mrs. Guy Barber are visiting relatives here.

Miss Laura Provost was on the sick list last week.

### Triumphs of Modern Surgery.

Wonderful things are done for the human body of surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns, and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chas. Berlin's Pain Balm acts on the same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. Otto's Pharmacy.
